Hi Phoebe,

I am sending you the DVD which contains the raw data from the instrument for Work Order 1204006. This is the raw data from the April sampling event and therefore was not included on the first DVD that was sent to you. The data is only be readable using EMPOWER software. The DVD is going out today, 11/19, via UPS and you should receive it tomorrow, 11/20. Please let me know that you received it. Thanks and have a great holiday everyone!
